THE ORDER

Dear manager, my dear friend

I want to book in your plant
lots of various paints. I mean
gold and yellow and dark green,
ruby red, beige and I think
brown – five different shades – and pink
and of course the orange one.

I will have a lot of fun
with each of this lovely paint
when you will pack them and send
- just like every year – remember ? -
in the middle of September.

Thank you for these tools of art
from the bottom of my heart.

Really, really from the bottom!

Kisses

from your grateful Autumn
