THE WILL

The stork dreamt on the quiet:

“A vegetarian diet.

That’s for me.”. Therefore this stork
holding a knife and a fork,

asked the frog: “Will you be able
to sit, with me, at the table ?

I want to check my strong will.”

When she sat, he thought: “I feel
that my will is too weak still”

That is why he, what a shock !,
because of it, ate the frog.
