## IN THE WARDROBE

There is a fright and a panic  
in the wardrobe, where are many  
braces, trousers, jackets, shirts,  
leggings, panties, socks and skirts.

There are also many noises:  
extremely frightened voices  
and a slashing, angry shout:  
“Take to your heels ! Push off ! Out !”

Suddenly, the crowd with wings,  
is leaving the wardrobe’s chinks.  
But still someone, just from there,  
is shouting, because it’s heard  
the voice from beyond the door:  
“Don’t come back here ! Nevermore !”

It is famous clothes defender  
and the moth’s foe - the lavender.
