## THE WEB

Small fly loved the internet

- a place where friends could be met.

This is why she surfed all day.

She once received an e-mail

that was addressed to small fly:

„Hello darling! Hello! Hi!

You stole my heart. It is true.

I want live only with you.

Meet me. I will show the way.”

Then the fly sent him the mail:

„Your words are so cute and sweet.

Who are you ? Where will we meet? "

Not even a minute passed.

The answer was very fast:

"The mosquito is my father.

That is why we match each other.

There will be a lot of fun

in a pub „The cloudy sun”.

Meet me there today, please. Come.

Don't tell daddy or your mom!"

Then, the little, but wise, fly  
thought this way: „But he can lie.  
He could only play a role.  
I don't know this guy at all.  
He can hurt me. I am small.  
I won't contact him no more.”

She avoided the mistake !  
This mosquito was a fake !  
She mailed with another biter  
- very, very hungry spider !

As you see, the internet  
can be very serious threat.  
It helps kids to make first step  
into ruthless ... spiderweb.
